

Report of National Space Day

On 23rd August, 2024, Bal Vikas School celebrated National Space Day in the school premises. It was a matter of great pride for all of us as it is a day to recognize & celebrate India's advancements in space exploration and honour the remarkable achievements of the Indian Space Research Organization (ISRO). On this day, India marks the anniversary of the Chandrayaan -3 Mission's historic soft landing of the Vikram Lander on the moon, which occurred on August 23, 2023.

To make this programme a remarkable one, students of class IX-XII and teachers participated enthusiastically. Many activities i.e. Quiz, Puzzles, Art Connect and Lectures on Space Day were conducted. Students were very keen to participate in these activities and hence it proved to be a successful celebration. These activities not only broadened their understanding but also fulfilled their passion for learning. It was a celebration of curiosity, innovation and the limitless possibilities that space science offers.

This initiative was taken by CBSE is noteworthy to foster a deeper appreciation for space exploration among India's youth. This event signifies the beginning of a promising journey into the future of space exploration.
